- The earth was void, or empty. There was empty space with nothing in it or on it until God created the world.

*Does God have a beginning? (No, God has always been.)*

*Does creation have a beginning? (Yes, God created everything, so creation has a beginning.)*

Bring in a large piece of white paper and a marker for each child. Draw a horizontal line through the center of the paper. Ask the children to use their markers to draw the heavens and the earth. The heavens would go above the earth. Help them think of things that live in the heavens and things that live on the earth. Lead them in a discussion about how God began creation by making the heavens and the earth. Before God made them, they did not exist.

1. Genesis 21:33: God is the eternal God. He has no beginning and no end. He is forever.

- The heavens and the earth began with God.
- God's spirit hovered over the empty space where God chose to make the earth and He spoke the earth into being.
- All that we see and know and even things we don't know begin with God.

Have each child draw a map of the room. Ask them to put the important things in the room on their map and to mark a start and an end. Allow them to share their maps with the class. Lead them in a discussion about how creation begins with God. Every story has a beginning and creation's story begins with God.

*With whom does the story of Creation begin? (It begins with God because He is the beginning of all things.)

Lead them in a discussion about how God's Word is mighty and powerful. It is like the metal washer that can't be squished or broken. It is even more mighty and powerful than the strongest thing on earth.

*How did God create the world? (He spoke it into being. He created it through His Word.)*

*Is God's Word powerful and mighty? (Yes, it is powerful and mighty and can create all things.)*

4. Proverbs 8:12: All wisdom and knowledge come from God, so man's ability to create and invent are from God.
